PISD Employees Help United Way Campaign

"Pledges to the United Way of Plano annual campaign now total \$32,596. That is 51.9 percent of our goal of \$62,778," announced L. B. Showalter, campaign chairman, at the second report meeting this week.

The largest boost came from \$12,715 in contributions and pledges made by Plano Independent School District administrators, teachers and employees.

"Jack Cockrill, personnel officer for the school district, headed a well-organized campaign that exceeded the 12 percent increased goal," said Bob Roberts, public service division chairman, whose division was recognized for putting the four-week-old campaign over the halfway mark.

Increases in the 1978 budget over the past year's allocations mean a need to increase contributions by 12 percent to fund the 12 local agencies supported by United Way.

One of the largest increases in pledges is from the employees of the Tom Thumb Store, Jupiter at 14th Street. "Eighty employees, including store manager Eddie Carter, are giving \$6,045 to this year's drive. That's an average gift of \$75 per employee," said Showalter.

"Another way we hope to meet the 12 percent increase needed by the agencies United Way supports is to contact newcomers to Plano who have not been asked prior to this year to help with these community projects," said John White, local accountant who is chairman of the professional division.

Individual contributions, which are tax deductible, may be mailed to Plano United Way in care of Showalter, 661 E. 18th Street, Suite 100, Plano 75074, or pledges to be billed at a later date may be made. Pledge cards will be delivered to anyone wishing to make a donation by telephoning Showalter, 423-6725, or Pat Riehn, United Way president, 424-0322.

"We delivered cards this past week to several Plano residents who work in the metroplex, but who want their donations to count in the community where they live," said Showalter. Checks received from local residents, unsolicited except through newspaper and radio releases, vary from \$10 to \$180.

John Powell, commercial division chairman, reported his team is seeking larger contributions from firms that regularly support United Way as well as making contacts with new businesses.

"The Commercial division has reached 47 percent of our goal. Every pledge helps, whether it is a large or small amount, toward our minimum goal of \$62,778."

Cecil Grattafiori, industrial business division chairman, was unable to attend the report meeting as he has received a company promotion and transfer to Wisconsin.

Conscription May Resume By 1979

WASHINGTON (UPI) — The United States must decide by the end of 1979 whether to resume the draft to provide adequate manpower for the dwindling military reserves, says Gen. Bernard W. Rogers, the Army's top commander.

The Army chief of staff said in an interview that draft machinery should be reactivated immediately "to register, classify, physically examine and keep track of" manpower. A decision on drafting women also must be made if the nation turns again to non-volunteer military service, he said.

"I think we are talking about two years. . . because if the reserve components are as important as I think they are, we just can't continue to postpone this problem if we don't find a solution," Rogers said.

The deadline for a decision, he said, would be Oct. 1, 1979.

The last draftee was inducted in 1973. The last draftee was inducted in December, 1972.

Volunteers for military service are plentiful enough to fill the ranks of the active Army for the foreseeable future, he said.

"I don't anticipate any problems for this division, for Cecil and his team of workers have been out front from the beginning of the campaign, but United Way and Plano will miss this public-spirited man who gave so much of his energy and talent to community endeavor," said Showalter.

James Loveday of Texas Power and Light has been named campaign follow-up chairman. Veta Blackburn is publicity chairman.

The 12 local agencies funded by

United Way are Plano Child Guidance Clinic, Plano Cooperative Pre-School, Plano Day Care Center, Plano Ministerial Alliance, the Information and Referral Service, Boy Scouts, Girl Scouts, Camp Fire Girls, U.S.O., Salvation Army, American Red Cross and Southwestern Diabetic Foundation.

Through association with the Metropolitan United Way, Planoites are eligible for benefits of more than 46 agencies in the metroplex.

Star-Courier Plans New Monday Edition

Striving to provide the Plano and area public with even more up-to-date local news and advertising the Plano Daily Star-Courier will begin publication of a Monday newspaper on November 7.

The Monday edition will join the current Tuesday through Friday and Sunday papers in bringing news, sports, women's activities and civic events to the Star-Courier's readers. The addition of a sixth publication will result in a change in the monthly Star-Courier subscription rate from \$2 to \$2.50 beginning November 1.

Classified advertising rates will also be altered slightly. Charges for one insert or three inserts will remain the same at \$2.40 and \$5.50, respectively. Classifieds running six times will cost \$8, 12 days will be \$14.50 and 26 insertions will cost \$27.

"Our new Monday publication is further evidence of the growth of our community, and therefore, the Plano Daily Star-Courier," said publisher Jim Shriver. "We hope this new publication will enable us to serve our readers better than ever before as we continue to provide the best in daily news and advertising."

Common Ground

Since part of the Plano Independent School District laps over into the Richardson city limits, school sites are planned in Plano's neighboring city to the south. PISD School Board members and Richardson City Councilmen and planners met together last night to discuss their joint ventures. The group gathered at the only current PISD-Richardson facility, Aldridge Elementary School in Canyon Creek, and talked informally about future mutual needs.

More local school sites will be needed in the near future in the Spring Park addition south of Renner Road and east of Jupiter Road. The area south of the City of Murphy (east of the Plano city limits) will also need new PISD schools. Following the joint discussion, Plano School Board members voted quickly not to participate in the Volunteer Firefighters Relief and Retirement Fund created by the 65th Texas Legislature. Residential Makeup Continues

By PAM TROBOY

Editor's Note: This is the fourth in a series of articles about the 1977 Comprehensive Plan for Community Structure.

As it grows, Plano will retain its residential flavor, the 1977 master plan predicts.

The character, efficiency and general quality of Plano will be greatly influenced by the relationship of the various forms of urban land use which evolves.

The total area used for residential purposes has increased from 7.04 acres per 100 persons in 1973 to 7.35 acres in 1977.

The most significant change in residential land use was the 1,630 acre increase in single-family residence use which occurred during the 1973-77 period.

The average annual absorption of land for single-family purposes during 1973-77 was 400 acres and during 1976 it apparently exceeded 600 acres.

Retail land use per 100 persons experienced a significant change from 0.3 acres to 0.5 acres between 1963 and 1973 and has remained at that level since.

The 0.5 figure is considered a high ratio for retail land use which only a few cities in the Southwest have retained.

Retail Overbuilt

The comparatively high ratio probably results from a tendency to overbuild in order to provide for a larger future population.

The city's rapid population increase justifies planning for future growth. However, by trying to maximize the retail services, an excess of retail land has been zoned and planned.

The conversion of the excess retail area to productive uses will represent one of Plano's major future land use problems, predicts Marvin Springer, planning consultant.

The established land use arrangement and the area available

for development indicate that Plano's southern boundary will contain the preponderance of its future industrial growth, while the residential expansion will be northward from the industrial band.

Springer Believes

Single-family dwellings at about the prevailing densities with remain as the major single form of land use in Plano, although apartment requirements should increase some.

Commercial land use and industrial development will also increase some. The availability of industrial land will eventually be a constraint on the extent of industrial land use here, Springer stresses. There is a possibility of some industrial expansion near the Denton County line, however.

Retail Adjustments

Some adjustment in the retail standards are also expected, resulting from a leveling off of the retail area in relation to population and the absorption of any existing over development which has been created by anticipating future growth.

The present area zoned for retail use in Plano is already nearly adequate to accommodate a population of 150,000 or more.

"It is obvious that even with vigorous retail development in Plano, a substantial amount of the land which is zoned for retail purposes is not likely to be used for that purpose," he adds.

"Continued expansion of the retail land use which is unrelated to the sould probability of its use for retail purposes will result in some future land use problems for the community," Springer warns.

It should be recognized, however,

that despite the over allocation of land for retail purposes, there will need to be some additional retail space.

One or more regional shopping centers are needed. If the regional centers do not develop here, they are likely to develop on nearby sites.

Development in adjacent cities would prevent Plano from gaining the tax benefits and the out of town centers would be competitive with any future efforts to create a regional type center in Plano.

Springer has recommended four sites for major shopping centers—Preston-FM 544, Preston-Spring Creek Parkway, US 75-Dallas North Parkway and FM 544-Dallas North Tollway extension.

The complexity of the retail zoning problem makes it especially important that a full range of retail facilities be planned for Plano, but care must be exercised about the size and location of the facilities.

Accidents On Upswing Nationwide

CHICAGO (UPI) — The National Safety Council reports 31,520 people died in traffic accidents in the first eight months of 1977, 2 per cent more than the number killed in traffic accidents the first eight months of 1976.

About 1.1 million people suffered disabling injuries from motor vehicle accidents during the first eight months of the year, the safety council says. The council would like them to advise others about the use of safety belts, defensive driving techniques and slower highway speeds.

Williams Will Present First Theatre Venture

Williams High School's drama department will present its first production of the year, "A Fate Worse Than Death", at 7:30 p.m. Friday and Saturday in the school auditorium, 1717 17th St.

Tickets for the melodrama may be obtained for \$1.50 from any member of the cast or from the school office.

Starring in the production will be Sean Hennigan as the hero Burgess Lendahand, Lisa Hardy as heroine Carlotta Flower, and Rick Ochoa and Royce Milam as the villains Cassius

Carstairs and Cokie Joe, respectively.

Also appearing in the production will be the Ramsgate family portrayed by Donny Lee as the father, Sandra Fluey as the mother, Robin Pettit as the daughter and Vicki Rogillio as the maid.

Supporting cast for the performance includes Julie Martin, Chuck Castlebury, Marjie Queen and Delmetra Franklin. Drama instructor Peggy McKay will direct the production assisted by sophomore Bobby Turney.

Weatherford Witching Hour

As Weatherford Elementary School's friendly Halloween witch looks on, second graders Corey Cheek and David Birmingham display "Bernie," the huge stuffed St. Bernard to be given away in a doorprize drawing at the school's

annual Halloween Carnival Saturday from 6-9 p.m. All the district's 44 elementary schools have planned carnivals for this weekend to celebrate the spookiest day of the year. (Staff photo).

Winning compromise fails

By Polly Cramer

POLLY'S PROBLEM

DEAR POLLY—I hope you have an answer to my problem. My husband wanted wall-to-wall carpeting in our new home and I wanted to keep our oriental-type area rugs for the dining room and living room. He got his carpeting and I put the rugs on top of it but these rugs creep up and will not lay smooth. Our rug man has no suggestions and I do not know what to do.—FLORENCE.

DEAR FLORENCE—I am afraid you won't but you lost, too. Several rug and carpet installers have told me that yours is a problem for which they have no answer. There are things that can be done when rugs are on wood floors but not when on top of carpet. How about this, readers? Have any of you stumbled on to an answer?—POLLY.

DEAR POLLY—When carrying canned drinks in a six pack cooler I keep them very cold by making the sixth can an ice can by filling an empty can three-fourths full of water and freezing. Better to have five cold ones than six lukewarm ones.—ANNA.

DEAR POLLY—When my foot socks (footsies) become worn on the bottom I apply an iron-on patch to cover the hole or even a thin spot. I prefer blue jean material but any heavy type can be used and my socks certainly wear a lot longer.—MRS. D.F.R.

DEAR POLLY—Before storing baby shoes make sure they are clean and very dry, put in a plastic bag, add a used fabric softener sheet (like we use in the dryer) and then seal.

If you have to fix a lot of pancakes, waffles or French toast for breakfast for X number of kids use shears to cut them into bite size pieces before adding syrup.

A new plastic pot scrubber with one or two strings pulled away for a handle makes a good quiet toy to amuse a youngster while in church or other public gathering.

Used plastic place mats are great to use to lay baby on when changing his diapers.—EMILY.

DEAR POLLY—My Pointer is for those do-it-yourself painters who often get more paint on themselves than on what they are painting. When using an oil base paint I found clean up is easy when you use petroleum jelly and a clean cloth. The jelly takes the paint right off your skin and even the linoleum floor.—JOY K.

DEAR POLLY—Mrs. J.E.M. wrote that she knits both sleeves of a sweater at one time. I also knit the fronts and back of the sweater at the same time up as far as the armholes—that is, one piece that goes all around. I then only have the sleeve seams and shoulder seams to sew together and this works out beautifully.—MRS. L.B.

Polly will send you one of her signed thank-you newspaper coupon clippers if she uses your favorite Pointer, Peeve or Problem in her column. Write POLLY'S POINTERS in care of this newspaper.

ASTRO-GRAPH Bernice Bede Osol

For Friday Oct. 28, 1977

Oct. 28, 1977

This coming year should be a fun one. You'll be more adventurous than usual and eager to add excitement to your life. Your common sense and self-discipline will protect you from straying where you shouldn't.

SCORPIO (Oct. 24-Nov. 22) Sluggish allies are likely to slow down your pace a bit today. Nevertheless, once you pick up momentum you'll sweep them along at your speed. Like to find out more of what lies ahead for you? Send for your copy of Astro-Graph Letter by mailing 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

SAGITTARIUS (Nov. 23-Dec. 21) Some of the responsibilities of others may be shifted to your shoulders today. A resentful attitude will make the tasks even tougher.

CAPRICORN (Dec. 22-Jan. 19) Outmoded work methods should be updated wherever possible. Be imaginative. Don't be afraid to try techniques with a unique twist.

AQUARIUS (Jan. 20-Feb. 19) You function best today operating independently. Assistants who are usually helpful are apt to get underfoot.

PISCES (Feb. 20-March 20) One of your coworkers could be abrasive today, and a difficult person to deal with. Subdue the urge to put her in her place.

ARIES (March 21-April 19) In many ways today you're very giving. Where money is an issue, however, your generosity has definite limitations.

TAURUS (April 20-May 20) The morning will not be without nominal bumps and bruises, but this won't dismay you. Turning losers into winners is your bag today.

GEMINI (May 21-June 20) Be prepared to stand up for your rights, especially if something owed you is long overdue. The squeaking wheel gets the oil today.

CANCER (June 21-July 22) Events could unravel in a manner today to put a severe strain on your staying power. Don't chuck in the towel. The last round is yours.

LEO (July 23-Aug. 22) Calculating tactics will produce nothing of real benefit for you today. Besides, it's not your style. You wouldn't take pride in a crafty victory.

VIRGO (Aug. 23-Sept. 22) The apex is reachable today, but you're a tough customer to convince. Don't let self-doubts dilute your ambitions.

LIBRA (Sept. 23-Oct. 23) Be selective of which friends you ask favors of today. Some will go all-out, but one pal won't do anything without expecting more in return.

Obituaries

KEVIN EDWARD DAVIS
Funeral services were held at 3 p.m. Wednesday at Big Springs Baptist Church for Kevin Edward Davis, 14, of Richardson. The Rev. Ronald E. Hubbard officiated at the services with interment at Big Springs Cemetery.
The Berkner High School student was a lifetime resident of the area. He was born Feb. 19, 1963 in Dallas and died Monday, also in Dallas.
He is survived by his parents, Mr. and Mrs. Don Morrow of Richardson and Mr. and Mrs. Clarence Davis, also of Richardson; two sisters, Mrs. Kathy

Johnson and Mrs. Karen Hoernth, both of Richardson; and a step-brother and step-sister, Leslie R. Henry Jr. and Cathy Henry, both of Richardson.
Also surviving are grandparents, Mr. and Mrs. Eldredge Uselton of Wylie and Mr. and Mrs. Otis Davis of Plano; and a great grandfather, I.B. Bureson of Celina.
Pallbearers at the funeral were James Uselton, George Richardson, Greig and Randy Davis, James Mat-ton and Eugene Geyer.
Funeral arrangements were handled by Harrington-Bratcher-Dickey Funeral Home.

Young and old are in for a treat when they visit Old City Park from November 1 through February 1 to view "A Child's World."
The new exhibit featuring the toys and dolls, the clothing, accessories, and the furniture of the 19th Century child brings back a part of the Victorian era that has long since disappeared.
Cradles, prams, high chairs, dolls, doll furniture, clothing, and photographs of children at play will be among the many items displayed. The exhibit is free and is being shown in the Renner School located at Old City Park, 1717 Gano St., Dallas.

THE RADIO HOBBYIST
By Frederick O. Mala
KKB-0924 W5UTT
Executive Director, American Radio Council

In a major FCC ruling that takes effect November 4, 1977, amateur "ham" radio operators will now be able to operate their own "repeater" stations without obtaining separate "repeater" station licenses. An amateur repeater station automatically retransmits the signals of another amateur stations and portions of the "ham" bands are allocated for repeater operation. The FCC also made additional amateur frequencies available for "repeater" operation - specifically 144.5 to 145.5 MHz and all amateur frequencies above 220 MHz.

This is of significant importance to the CBER since there is much speculation regarding a no-code "ham" license to be authorized by the FCC - probably in late 1978 or early 1979. The frequencies being suggested are in the 220 MHz and 450 MHz band. This means that when the new class of operation becomes a reality, entry-level "hams" (to be called in all probability, "Communicators") will be allowed to operate their own repeater stations without the necessity of obtaining additional special "repeater" licenses. Amateur repeater stations are usually installed and operated by "ham" clubs since the cost of a repeater station is generally too high for individuals to afford - although there are many repeater stations that are individually owned and operated.

A repeater station greatly extends the range of VHF and UHF signals since the retransmissions are made from tall, efficient antennas at higher power. Power levels of one watt will have a range of up to 100 miles and further when atmospheric conditions are right. We foresee the day (and closer than you think) when most radio-hobbyists will be utilizing VHF-FM communication through repeaters. While AM and SSB (sideband) is available to the amateur "ham" operator - most short-range communication is accomplished by the superior FM (Frequency Modulation) mode. There are many advantages to FM over that of AM-SSB. (Such as "capture effect" whereby only the strongest signal is captured which lessens interference, better audio quality, absence of the "squelch" caused when two AM signals beat together, etc.)

One of the greatest advantages of repeater operation is that it allows auto-phone patches. An auto-patch is a device that automatically switches radio equipment onto telephone lines to allow personal (non-business) telephone calls by amateurs from their automobile to non-amateurs. "Hams" can easily dial any local telephone from their car by using "ham" band to telephone line access. The dialing is accomplished by a "touch tone" pad - the same as contained in most telephone systems. Auto-patches can even save you some long-distance telephone expense if the operator-hobbyist is able to radio a far city and then dial into their telephone exchange. The FCC, however, is very concerned about several abuses of the telephone patch privilege and has said that unless these abuses stop, that it will be forced to discontinue allowing it. The biggest abuse is the use of this privilege for business calls. The Amateur Service is just that...amateur. All business use is absolutely prohibited.

In another separate action, the FCC terminated Docket No. 19759 that proposed Class E CB on the Amateur 220 MHz band. It appears that any access to the 220-MHz "ham" band by the radio-hobbyist will thus come through Docket No. 20282 and the no-code "Communicator" proposal. Insiders cited the reason for the FCC killing the Class-E proposal was that CB and "ham" frequencies adjacent to one another had not worked on the 11 meter and 10 meter bands. Many manufacturers designed equipment supposedly for the "ham" band when actually it's use was intended for the Citizens Radio Service. Amateur rules allow additional privileges and power levels in exchange for increased knowledge and qualifications. It was felt that similar abuses would appear on the 220 MHz band with CBERs using the higher rated, more liberal ham radio gear. There was a feeling by many also that the Class E CB and "Communicator" proposals were virtually alike and the FCC obviously felt the goals of the entry-level radio-hobbyist would better be served in the Amateur Service - it being a hobbyist service. The Citizens Radio Service was never intended to be an activity in itself - instead CB was to provide personal communications in the same manner as the telephone. This was the original intention...but it never turned out that way.

Clinic Announced For DTP, Rubella

The Texas Department of Health in Arlington announces an Immunization Clinic to be held in Plano at 926 E. 15th Street (Democratic Headquarters) on Wednesday, November 2, from 2 to 4 p.m.
The clinic will provide immunizations against diphtheria-tetanus-pertussis (DTP), polio, rubella (red measles) and rubella (German measles), for infants two months through 18 years (all school-age children).
Immunizations are incomplete if a child has not received three doses of DTP and polio vaccine.
A parent or guardian must accompany pre-school age children to the clinic. Immunization records will be examined by the Public Health Nurse at the clinic. The nurse will also answer any questions a parent or guardian may have regarding immunizations.
The Department makes no charge for the shots.
Since these diseases can be quite harmful to children, each parent or guardian is encouraged to protect children from them.
"Persons who have private physicians are encouraged to consult with their family doctor for advice," stated Hal J. Dewlett, M.D., Director, Public Health Region 5.

Fifth Housing Survey Underway Nationally

The fifth annual survey of housing in the United States is now underway in this area. The survey is conducted by the Bureau of the Census for the Department of Housing and Urban Development in response to the need for frequent and up-to-date information on the nation's housing inventory, considered a prime indicator of the nation's economic well-being.
For the 1977 survey, a sample of 76,000 housing units out of the nation's 82 million has been selected to represent a cross section of all housing in the United States. The sample was originally selected from 1970 census records and has been updated each year to include new construction.
Previously, information on the housing inventory came only from the decennial census of housing, irregular sample surveys, and one-time special studies.
With regular annual surveys it is possible to compare from year to year the number and types of housing, changes in the total housing stock resulting from losses and new construction, the frequency of mechanical and utility breakdowns and other indicators of the physical condition of residential structures, characteristics of the occupants including those who move in and out over the years.
Census Bureau representatives will begin interviewing households the last part of October and will continue for about three months. Each household in the sample will be mailed an introductory letter prior to the interviewer's visit. For unoccupied units, information will be obtained from landlords, rental agents, or neighbors.
Joint HUD-Census reports on the results of the survey are expected to be issued in the spring of 1979.

Eagles Regroup During Open Date

With the district race going just as was predicted in District 12-AA, Coach John Pearce and his Allen Eagles have a chance to regroup on an open date in the midst of a four game losing streak.

"I've been pleased with our teams performance, but record wise I'm not," said a relaxed Coach Pearce, "this is the first time I've been in a thing like a four game losing streak and neither have our kids, but its just something we'll have to correct."

Allen is 0-4 in district play and get their well deserved rest after having played the top four teams in the district. The Eagles, however, get a chance for their first district win next week against Red Oak.

It's not like its Allen's first chance at a win, they've had several opportunities but fumbles and penalties have hurt the Eagles chances considerably.

"The week off definitely gives us an extra week of preparation, and injury wise it can't help but help us," said Coach Pearce.

Four teams remain in contention for the district title and playoff hopes with only three weeks left in the season. Wylie and Forney have the drivers seat with identical 3-0 records. Ferris and Midlothian are the remaining two teams. Ferris is 3-1 while Midlothian toutes

a 2-1 record. Cedar Hill, 2-2, is still in the race mathematically but with both losses coming against Forney and Wylie the Longhorns will have to settle for the role of a spoiler.

"I think that the district is twice as good this year as it was last year," added Coach Pearce.

Coach Pearce shyed away from making a prediction for the district champ, but had several comments on the matter. "I don't know. I

think its gonna be a dogfight, it's still up for grabs. At the end of this week we'll know if its going to be a two or three team race." "I think we could still decide whose going to win," he added.

The two or three team race Coach Pearce referred to is Wylie, Forney and Midlothian. Midlothian and Forney meet this Friday night in Forney.

A Midlothian win could tighten up the race even

more. If Wylie was to lose to Forney while winning its remaining games, and Forney was to only lose to Midlothian, it could create a three way tie for first place. If...there's a lot of if's...there is a tie, the tie would be broken by a coin toss among the three teams.

Out of the district race Coach Pearce made it clear he wasn't going to replace any seniors in the lineup in preparation for next year.

"I don't believe in replacing a senior who's leaving with a young kid who'll be back next year. If they play for me the way they have it doesn't matter if they're 18 or 80. If anybody does that in coaching they're missin' the boat on what its all about."

At the start of the year the Eagles knew what they were up against in district play, and the thought of a losing season, not what every team wants, was just around the

corner. Knowing they couldn't win the title, at least they could decide who would win it.

"With high school football what it is, yes, I think we can decide who wins it," said Coach Pearce, "it's possible just like in the NFL, on any given Sunday, or in our case any given Friday."

Even though they hold an unimpressive 2-6 record, they're definitely better than the record indicates, the

coaching staff at Allen has been very pleased with the way the players have come along.

"I've got about 31 playing better than expected, we've been pleased with the play and leadership of the whole team. In particular Steve Marion, Donnie Potter, Sandy Bedell and Zenford Jones. Their leadership has been outstanding. Four guys like that make coaching worthwhile."

Aerobats Place First In Class III Meet

Gymnasts for the City of Plano Aerobats team took first place in a local Class III Compulsary meet held Saturday, Oct. 22 at Weatherford Elementary School.

The Aerobats won over another Plano team, Tap-N-Toe, and the Southwest Gymnastics Inc. team of Richardson.

Plano's Aerobats, sponsored by the Plano Parks and Recreation Dept., totaled 182.4 team points.

In individual results, the Aerobats had four first places in the Age 9 Years and Under Division. Kelly Ryan posted firsts in the floor exercise, vault and all-around competition. She also had a third in the balance beam.

Keri Graham had a first in the uneven parallel bars. She also was fourth in the balance beam and fifth in the vault.

In other results, Lisa Von Wald was third in the floor exercise, fourth in the uneven parallel bars and sixth in the vault. Debbie Nelson was fourth in the floor exercise, sixth in the uneven parallel bars and fifth in the vault.

In the Age 12-14 Years Division, the Aerobats had five first places. Cindy Hinrichs was tops in the balance beam, tied for first in the floor exercise and was first in the all around. She

was also second in the vault. Ellen Greif tied for first in the floor exercise and had a first in the vault. She also had a second in the all around, second in uneven parallel bars and fourth in the balance beam.

Tracy Newman was fourth in the uneven parallel bars. Lori Von Wald was sixth in the balance beam, sixth in floor exercise, third in uneven parallel bars, third in the vault and third, tie, in the all around.

Top-N-Toe finished second in the meet with a 175 score and Southwest garnered third place with a 153.7 total. The Aerobats workout weekly at Weatherford School and compete year-round in United States

Gymnastic Federation, Amateur Athletic Union and Texas Amateur Athletic Federation meets. The team is comprised of girls ages 6-18 years who possess skill and desire for competitive gymnastics.

Coach Pam Cox of the Aerobats was pleased with her team's showing Saturday.

"We were involved in competition with two very good teams and our girls performed very well," she said. "The quality of

gymnastics competition in this area is improving and we should see some very strong competition in the future."

Cox is assisted with the Aerobats by Mark Jackson and John Eastham.

The Aerobats have a Class III Compulsary Meet scheduled with the Shirley Wolfe Gymnastics team on Saturday, Nov. 5.

For further information on the Aerobats and their program, contact the PARD at 423-4795.

Rams Beat Milliken

Wilson Middle School scored three times in the first quarter and added another tally in the second stanza to defeat Milliken of Lewisville Tuesday night, 28-0.

All four touchdowns by the Rams came on dive plays,

three by David Kennedy and the other on a run by Eddie Ross.

Steve Beck kicked two extra points and Joey Shufford threw a two-point conversion pass to Eddie Brooks.

Defensively big plays came from Isreal Gutierrez

with a blocked punt, two interceptions by Shufford, one interception by Jimmy Wehmier and Kennedy.

Rams standouts were Kennedy, Shufford, Brooks, Beck, Robert Street, Gutierrez, Brad Titus, Ross and Brown.

"We totally dominated the game by making the big play," said Coach Frank McClanahan.

Haggard Edged By Field Goal

With only 10 seconds left in the game, Carrollton Vivian Field booted a 20-yard field goal to beat Haggard Middle School 3-0 Tuesday night.

"We played good over-all defense," said Coach Corky Criswell. "There were no outstanding plays, just a team effort."

Steve Okland, the Eagles leading ball carrier, was a

standout on offense. Defensively Mark Pettit and Jim Tokarczyk were standouts. "We did not play well at all," said Coach Criswell. "Our defense played fair but our offense made too many mental errors and kept us in trouble. We had opportunities to score but broke down mentally by the way of fumbles, penalties and the rush."

Races Slated Sunday

Rabbit Run Motocross Track in Plano will be the site for the sixth race of the Eighth Annual Trans-AMA International Series on Oct. 30.

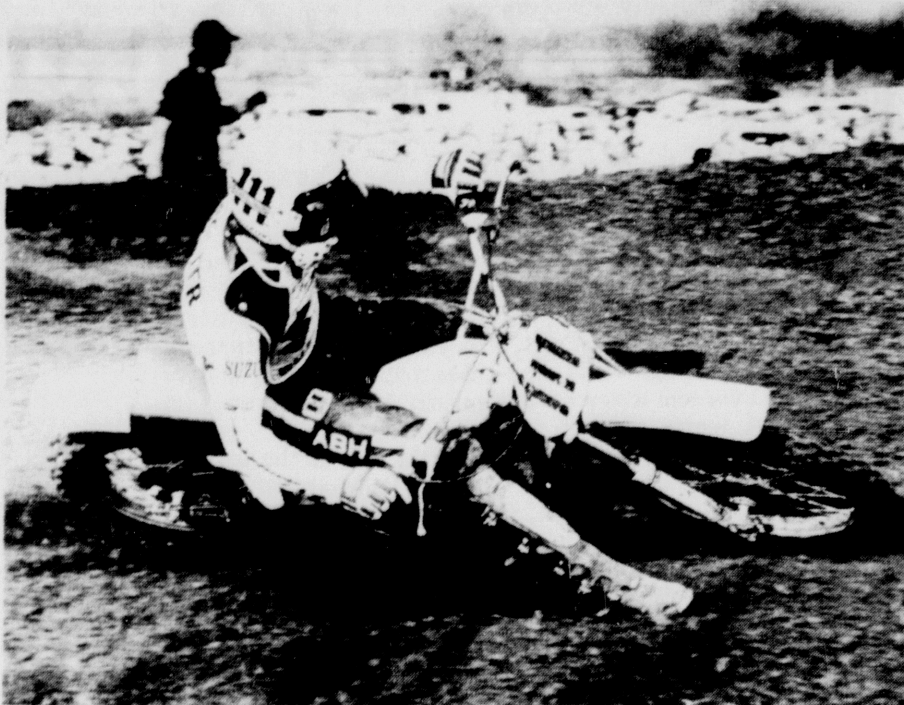

Five races in the series have been held this year at other locations ranging from Ohio, Virginia and New York to Michigan and Missouri. Races will follow the Rabbit Run event at Puyallup, Washington on Nov. 6 and Sonoma, California on Nov. 20.

The series was instituted in 1970 to provide a venue for competition between American motocross racers and the more experienced European counterparts. The Europeans have dominated the series since its inception.

Brad Lackey of Pinole, California posted a second place finish last year in the series. That is the best finish an American rider has accomplished. Belgium's Roger DeCoster took top honors last year.

Riders are competing for more than \$200,000 in the series. A point system is being used to determine the overall series champions.

The Rabbit Run event will have four motos. Two motos will be run for the 500 cc International class and two more motos will

Roger DeCoster, international motocross racer, will be at Rabbit Run Park in Plano Sunday, Oct. 30 for the sixth race in the

AMA series victories in 1974 and 1975. He will be the favorite at Sunday's race. (Non-Staff Photo).

Eighth Annual Trans-AMA International Motocross Series. DeCoster is the defending series champion and also posted Trans-

Trans-AMA Series At Plano's Rabbit Run

be run for the 250 cc support class. The International class moto is 40 minutes long, plus two laps. The support class moto is 30 minutes long, plus two laps.

DeCoster is the favorite to win the Rabbit Run hosted race. DeCoster was the 500 cc World Motocross Champion in 1971, 1972, 1973, 1975 and 1976. He rides for Team Suzuki.

Other Europeans racing include Graham Noyce, fourth in the 500 cc series last year for Team Maico; Gaston Rahier, the World

125 cc Motocross Champion in 1975-1977 for Team Suzuki; and Gerrit Wolsink, second in the series in 1973-1974-1975; second in the 500 cc World Championships in 1975 and 1976 and winner of the U.S. Grand Prix in 1974-1975-1976-1977. He rides for Team Suzuki.

Top U.S. riders in the series are Tony DiStefano of Team Suzuki, Bob Hannah of Team Yamaha; Ken Howerton of Team Husqvarna, Pierre Karsmakers of Team Yamaha, Brad Lackey of Team Honda, Jim Pomeroy of Team Honda and Marty Smith of Team Honda.

The Rabbit Run race is being dedicated to Virgil Gibbs. Gibbs, a regular racer at Rabbit Run since 1972, was killed at Rabbit Run in helping to prepare the track for the 1976 Trans-AMA race.

Gibbs' request for his efforts was that Mini Bike riders from the Buckner Orphanage Home Bike Team be admitted free to the 1977 Rabbit Run Trans-AMA race. They are expecting 90 of the Buckner riders to attend the race in honor of Gibbs.

The racing will begin at 12-noon on Sunday, Oct. 30.

Raiders Roll Over Denton

Bowman Middle School's eighth grade Raiders scored a 28-8 victory over Denton Congress Tuesday night to improve their season record to 6-1.

Ken Massa got the Raiders on the board in the first quarter on a quarterback keeper around the left end for 50 yards. Tony Turner added the two-point conversion on a burst over the right guard.

Bowman scored again in the second quarter to put them out in front at halftime 14-0. The score came on a Massa 80-yard run around left end.

Turner added another Raider touchdown in the third quarter on a 60-yard return of a pass interception. The conversion failed but the Raiders led 20-0 going into the fourth quarter.

Bowman got their last touchdown in the fourth quarter on a 70-yard run by Turner over the right guard. Bruce Smith added the two-point conversion on a dive over left guard to give the Raiders their final tally.

"Congress had a good ball club," said Coach John King. "They were 5-1 on the year and now were 6-1 on the year and the kids are really playing well. They seem to improve each week."

Standouts from the Bowman offense were Massa, Turner, Smith, Butch Fifield, Tim Coil, Marlon Duggan, Jon Cox, John Hill and Dan Majors.

Members of the Raiders defense which held Congress to one fourth quarter touchdown were Joe Duncan, Doug Patton, Dale McMullen, Jeff Milacer, K. Craddock and Smith.

Strickland Tops Armstrong 8th

Undefeated Denton Strickland had difficulty in defeating the fired up Armstrong Middle School Apaches in an eighth grade matchup Tuesday in Denton. Denton went on to win the game, 16-0.

Going into the game, the Apaches were 0-7 but played as though they were in a championship game.

"Some of our players are beginning to perform extremely well and this coupled with everyone playing sound defensive technique was the reason for our fine defensive outing against an undefeated Denton Strickland team," said Coach David Dooley.

In the first quarter, a big

play for the Apaches came on a 45-yard run by Joe McKee. They were unable to score, however. Again in the fourth quarter, McKee made a brilliant play on a 67-yard screen pass from quarterback Keith Yandell.

Defensively, big plays came from Kenny Dykes who stopped a Strickland runner for a loss on a fourth down and one play. The play stopped a drive as did plays by Derek Beard and Dana Gloege on fumble recoveries.

McKee and Yandell led the team in tackles with seven each followed by David Allen with six; and Beard, Gene Bradley and Doug Lake with four each.

Plano Hosts Explosive Greenville

This Friday at 8 p.m. at John Clark Stadium, the never-say-die Plano Wildcats will host the explosive Greenville Lions in what should prove to be the game of the week in District 13-AAAA.

Whenever Plano and Greenville tee-up the football, there is always a lot of action. Plano and Greenville have played each year since 1970 and the Wildcats lead in the series, 4-3. However, last year the Lions surprised Plano with a 15-6 lashing.

That win by Greenville

over Plano was their first ever in District 13-AAAA play. Plano dominated Greenville 48-0 in 1975, 31-0 in 1974, 7-0 in 1973 and 34-0 in 1972. All of those aforementioned games were district contests.

Before Plano and Greenville were united in the same conference, the Lions beat Plano 16-14 in 1971 and 13-6 in 1970.

All of Greenville's teams of the past and present have had one big advantage over their opponents - speed.

Greenville is the quickest team overall that the Plano Wildcats have faced in building their 6-1-1 season record and 5-0-1 district record.

"Greenville's overall speed makes them a threat anytime they snap the football," Coach Tommy Kimbrough said.

Kimbrough feels Greenville is one of the best offensive teams in the district.

"I think Greenville has one of the best if not the best offensive team in the

district. They have some outstanding players in key positions."

"They have a running back, Phil Weatherall, who runs the 100 in 9.6 and is an all-state candidate. They also have an outstanding quarterback in John Mason. He is an outstanding passer and has outstanding speed," Coach Kimbrough said.

Other notables on offense include running back Gerald Brown at 183 lb. and split receiver G. Nelson.

Friday's game also puts the veer against the veer. Both Plano and Greenville operated from a split back, veer offense.

If Greenville's offense is so potent, what has been their problem in constructing a dismal 4-3 record on the season and 2-3 mark in district?

"They haven't had any problems with their offense. The games they've lost have been close but the problem for Greenville so far has been their defense. They run an eight-man front and if they are clicking right, they can shut you down defensively."

"Their defense just hasn't played as good as their offense. But their offense has so many outstanding players," added Kimbrough. "They have both out-

standing speed and out-standing quickness on their defense," said Kimbrough.

Defensive standouts are Steve Turman, 208 lb. tackle, Kenny Stevenson at defensive end at 160 lb. and secondary member Alton Ashford, 160 lb. with 9.7 speed in the 100.

Plano should be near 100 percent.

"Steve Ulmer has a hurt knee but we hope he'll be

ready to go," Coach Kimbrough said.

Ulmer, quarterback of the Wildcats, went out of the game in the third quarter last Friday against Richardson and was replaced by John Gaddis. However, Ulmer returned in that game to lead Plano to their ultimate 22-16 win over the Eagles.

Greenville is coming off a 19-15 loss to Denison.

You'll love Saturdays in Plano... you can bank on it...with us!

We can provide a way for you to bank where you live, regardless of your busy weekday work schedule. Every Saturday morning, we offer full service banking at our beautiful new building at FM 544 and Alma Road. You'll find plenty of free parking and easy access to our convenient drive-in bank too. And there are lots of friendly people who are eager to make you feel right at home. You might need to open a checking or savings account or to rent a safe deposit box. Maybe you need an automobile loan or some other bank service. Drop by Plano Bank & Trust. We'd be happy to explain our services to you or to provide any information which could be helpful to you in establishing your new home here.
